TOUGHENED CURVED GLASS - BY GLASSHAPE

## Shower Doors

Shower doors manufactured by Glasshape combine style with safety. Manufactured from 4mm to 10mm toughened glass, they can be manufactured either flat or curved to a radius of your choice.\*

\*Please contact Glasshape for information on radii achievable with TemperShield® Toughened Curved Glass.

Being manufactured from Glasshape's renowned TemperShield® Toughened Curved Glass, our shower doors offer the ultimate in good looks, strength, durability and safety.

Although Glasshape usually manufactures shower doors to order, we also keep a number in stock ready for fitting with the door furniture of your choice and installation.

Turning impossible dreams into **exciting realities.**
